Reported by Akihiko Masuda, A&D Company, Limited

ADR celebrated its 5th anniversary with a lively party in Moscow on September 14.

About 180 of ADR's main business partners joined the celebration. The party started with a cruise on the Moscow River, and then continued Party at the Radisson Hotel with various presentations, including announcement of new UA-1000 Series. A&D President Hikaru Furukawa and Managing Director Masatake Eto were in attendance and enjoyed socializing with ADR's main business partners.
