

A&D will take part in the 21st European Meeting on Hypertension 2011

A&D will participate in the upcoming 21st European Meeting on Hypertension and Cardiovascular Prevention 2011, at Milan Convention Centre from 17-20, June 2011.

(<http://www.esh2011.org/>)

This will be seventh time that A&D Medical exhibits its products at this event.

This year, A&D will exhibit two major themes.

One is about "CARE ASIA" (Country-based Ambulatory blood pressure Registry in ASIA), which is the first epidemiological study using our TM-2430 ABPM throughout Asia.

Another is about "D-CAP" (Disaster Cardiovascular Prevention Network) installed in the area of Tohoku Region Pacific Coast Earthquake as a part of the reconstruction activity.

Please visit us at booth **No. 40** for the latest information.

We look forward to meeting you and will demonstrate the products actually used in the projects.
