

We are pleased to announce that two of our valued agents will be participating in the following exhibitions. Please stop by if you are working in related industries and will be in either city during the time of the exhibitions.

1) BIO MALAYSIA 2012 (November 5-7, Kuala Lumpur Convention Center)

At BIO MALAYSIA 2012, [INTERSCIENCE SDN. BHD.](http://www.aandd.jp) will present A&D's analytical balances along with other analytical equipment they specialize in dealing with. Their theme this year will be centering on genomics, proteomics, drug discovery, and livestock science. The booth No. is 079.

For details, please check the brochure (PDF) from the following link.
