

SAMPLE CUP HOLDER (AX-HOLDER-SET) INSTRUCTION MANUAL

1. Product structure

The sample cup holder is a set of three pieces.

* Large, medium or small size sample cup holders are also available for purchase separately.

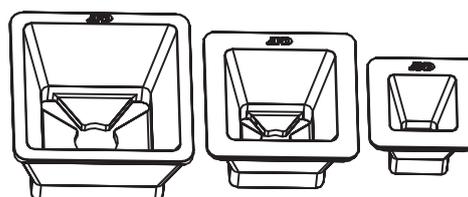

Parts structure	Quantity
Sample cup holder- large size (AX-HOLDER-L)	1 pc
Sample cup holder- medium size (AX-HOLDER-M)	1 pc
Sample cup holder- small size (AX-HOLDER-S)	1 pc

2. How to use

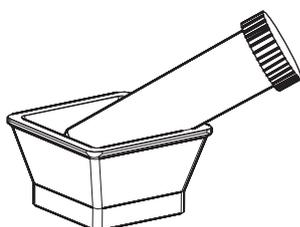

The sample cup holder is used to weigh test tubes, micro tubes, flasks or vials containing reagents or samples. The holder can be placed on a balance and used to secure a tilted container for measurement. Also the holder can be turned over and used to secure a long test tube as well.
