A&D Connect
Easy-to-use app, a solution for better accuracy

Monitor your blood pressure and track your weight and BMI trends—all with one app from a trusted world-wide leader in connected health. A&D Connect guides you through the easy device set-up process and provides at-a-glance results, goals, and trends for you and sharing data with your family and doctors.

Available on iOS 6.0 and above iPhone 4S or newer, iPad Air/iPad mini.
Requires Android OS version 4.4 and above For compatible smartphones, please check WellnessConnected™ website.

A&D Connect
Technology You Can Trust

Reasons to choose A&D Medical

Long history of innovations
A&D Medical has continued to be the leader in blood pressure monitors with innovative technologies for over 30 years. A&D Medical provides a range of medical and healthcare products which assures accuracy and ease-of-use.

Professional technology and clinical validations
A&D Medical thinks "Accuracy" should be of prime importance in using blood pressure monitor regularly as a medical device. Our UA-651BLE has been evaluated for measurement accuracy according to European Society of Hypertension International Protocol revision 2010.

Clinically Validated for Accuracy

A&D Medical’s WellnessConnected™ series offers a solution for accuracy with quality assured products and easy-to-use app, A&D Connect.

**Automatic data transmission**
A&D Connect app automatically records the measurement data. You don’t need to handwrite the records to your logbook.

**Goal setting**
You can set your goals and appreciate the feeling of achievement. It helps you keep moving forward towards your health and wellness objectives.

**Reminder**
A&D Connect app can be programmed to remind you to take and record valuable measurement readings at optimum times.

**Data sharing**
Data sharing through E-mail with doctors, by SMS to your family. Quick and easy way to inform of your health condition or recent concerns.

**Trending**
The A&D Connect app presents all recorded data in clear graphs allowing easy-to-view trends to help your progress towards good health.
