

Installing the EJ-11 Breeze Break

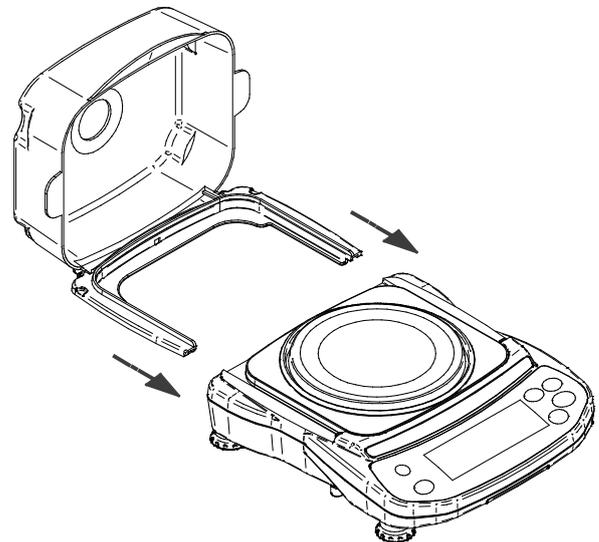

1. Remove the fixing frame from the balance.

2. Attach the breeze break to the breeze break frame.

3. Install the breeze break frame in place of the fixing frame.

4. Close the breeze break.

◆ Cleaning the EJ-11 breeze break

The EJ-11 have an antistatic coating. Clean the EJ-11 with a dry lint free soft cloth. Cleaning it repeatedly with a cloth moistened with a neutral detergent or water or washing it with water may reduce the antistatic effect of the coating.
